

FABRAL[®]

METAL WALL AND ROOF SYSTEMS

February 13, 2017

Dear Fabral Business Partner,

Increasing raw material costs continue to affect our industry. Due to these ongoing cost increases, Fabral must increase product prices as shown here:

Bare Panels:	4%
Painted Panels:	4%
Trims and Accessories:	3%
Substructural Products:	4%

New prices will become effective on all orders placed after the close of business on Friday, 2017.

Orders at current price levels must ship in the next normal delivery cycle or by Friday, March 3, 2017. To ensure consistent supply, Fabral reserves the right to limit order quantities to historical price levels.

Fabral is committed to delivering product and service value in all that we do. Please contact your Territory Manager or Customer Care Representative if you have questions.

Sincerely yours,

Dennis Merino
Vice President Sales
Fabral
