

Foster[®] 40-80[™] Disinfectant

EPA REGISTERED • READY-TO-USE

Bactericidal and Fungicidal

**Formulated for Residential,
Commercial, Institutional and Industrial Use**

Foster® 40-80™ Disinfectant

Foster® products, the leading brand of EPA registered, antimicrobial coatings, mold resistant coatings and disinfectants, have been sold to the indoor air quality (IAQ) market since 1992. Foster products have been proven effective in the toughest conditions and are formulated to deliver superior performance, unmatched in the industry.

Foster® 40-80™ Disinfectant is a convenient, ready-to-use formulation that is effective against a broad spectrum of bacteria used to disinfect washable, non-porous, hard surfaces found in homes, schools, restaurants, hospitals and other institutional and industrial facilities, such as food processing plants.

Foster 40-80 Disinfectant is also EPA registered to be effective against odor-causing bacteria and fungi when used in water damage restoration situations on porous and semi-porous surfaces.

Features and Benefits

- Ready-to-use formula provides added convenience.
- EPA registered, all-in-one disinfectant, cleaner, deodorizer, fungicide, virucide and germicide is effective against a broad spectrum of microbes.
- As a disinfectant, use on washable hard, non-porous, inanimate environmental surfaces such as tables, countertops, floors, walls, stair rails, door knobs, and other non-porous surfaces such as metal (faucets), stainless steel, fiberglass (shower stalls and sinks), finished woodwork, vinyl or plastic upholstery found in homes, hospitals, restaurants, food processing areas, hotels, health clubs and spas.
- In water damage restoration situations, use on porous, semi-porous and non-porous surfaces such as subfloors, drywall, trim and frame lumber, panelling, carpets, carpet cushions, countertops, cupboards, doorknobs, appliance exteriors, showers, tubs, telephones, computers, sinks, faucets and exterior toilet surfaces to remove residual mold and mildew prior to applying a Foster antimicrobial coating (when specified).
- Cleans and removes residual mold and mildew.
- For home, hospital, institutional and industrial use.
- Easy to apply with wipe, cloth, mop, sponge or spray.

Avian Influenza Virus

Aspergillus Niger

Technical Data

Type: Quaternary Ammonium Chloride

Volatile: Water

Weight/U.S. Gallon (ASTM D 1475): 8.2 lbs. (0.98kg/l)

Odor: Fresh mild scent

Average Coverage Range: Dependent upon application method and the surface it is applied to. Apply in sufficient quantity to ensure the surface remains wet for at least ten (10) minutes.

Alkalinity (ASTM E 70): 10-11pH

- Wet flammability (ASTM D 3278); No flash to boiling - 212°F (100°C)

Foster 40-80 is a one-step (hospital use) disinfectant, Bactericidal according to the current AOAC Use-Dilution Test Method, Fungicidal according to the AOAC Fungicidal Test and Virucidal according to the virucidal qualifications modified in the presence of 5% organic serum against:

BACTERIA

Pseudomonas Aeruginosa
Staphylococcus Aureus (Staph)
Salmonella Choleraesuis
Acinetobacter Baumanni
Brevibacterium Ammoniogenes
Campylobacter Jejuni
Enterobacter Aerogenes
Enterococcus Faecalis
Enterococcus Faecalis - Vancomycin Resistant (VRE)
Escherichia Coli (E. coli)
ESBL Escherichia Coli
Klebsiella Pneumoniae
Legionella Pneumophila
Pseudomonas Cepacia
Salmonella Schottmuelleri
Salmonella Typhi
Serratia Marcescens
Shigella Dysenteriae
Staphylococcus Aureus - Methicillin-Resistant (MRSA)
Staphylococcus Aureus - Multi-Drug Resistant
Staphylococcus Aureus - Vancomycin Intermediate
Resistant (VISA)
Streptococcus Pyogenes (Strep)
Vibrio Cholerae

VIRUSES

*Hepatitis B Virus (HBV)
*Hepatitis C Virus (HCV)
*Herpes Simplex Virus Type 1
*Herpes Simplex Virus Type 2
*HIV-1 (AIDS virus)
*Human Coronavirus
*Influenza Type A / Brazil (Influenza)
*Respiratory Syncytial Virus

ANIMAL VIRUSES

Avian Influenza Viruses (H3N2 and H5N1)
Avian Infectious Bronchitis Virus
Canine Distemper Virus
Newcastle's Disease Virus
Pseudorabies Virus

FUNGI

Tricophyton Mentagrophytes
Aspergillus Niger

EPA Registration Number: 6836-152-63836
