June 28, 2017

Dear Valued Customer,

We are pleased to announce that Owens Corning has **completed the acquisition of Pittsburgh Corning**, the world's leading producer of cellular glass insulation systems for commercial and industrial markets.

Owens Corning intends to maintain separate sales teams and leadership for the legacy Owens Corning and Pittsburgh Corning businesses.

Todd Fister will be the executive leader of the former Pittsburgh Corning business, now known as Owens Corning FOAMGLAS® Insulation. The commercial team will report to Todd with **Harry Walkoff** remaining the Vice President of the Industrial Business. There will be no changes to the FOAMGLAS® sales team as a result of this transaction.

Alex Legall remains the executive leader of the Owens Corning fiberglass and mineral wool product lines. There will be no changes to the Owens Corning sales team as a result of this transaction.

We look forward to meeting with you over the next few weeks to discuss future growth opportunities with our suite of insulation products that include fiberglass, extruded polystyrene foam, mineral wool, and cellular glass solutions.

Thank you for your continued support of Owens Corning. We value your business and look forward to serving your needs in 2017 and beyond.

Sincerely,

A handwritten signature in black ink, appearing to read "Todd Fister".

Todd Fister
Vice President and General Manager
FOAMGLAS® Insulation

A handwritten signature in black ink, appearing to read "Alex Legall".

Alex Legall
Vice President
Engineered Insulation Solutions
