RE: Polyurethanes MDI related Surcharge Increase to 6%, Effective October 20, US Region

Dear Valued Customer,

In order to keep up with availability and dynamics in the raw material markets, the price surcharge on all polyurethane systems will increase to 6% on October 20.

All orders shipped on or after October 20 will reflect the adjusted surcharge.

Thank you for your continued partnership, we look forward to finishing the year successfully with you in 2017, and are looking forward to a much more stable materials environment in 2018.

We will continue to maintain continuity of supply and provide you with the best quality products in the industry. You, our customer, are our first priority.

Best Regards,
