TO: ALL AMI CUSTOMERS

RE: 2019 PRICE INCREASE

We hope you're enjoying the holidays and regret having to send a price increase notice during this festive season!

After crunching the numbers with increases in major raw materials and freight costs, we must raise prices on most of our products\* by 4%, effective on new orders to be shipped in January, 2019 and beyond.

We will continue our free shipping policy throughout the U.S., and will honor all commitments already made for 2019.

We're more than happy to review your new prices with you, so please let us know if you'd like to do that. We very much appreciate our business relationships, and look forward to continuing to serve you through the coming year!

Best wishes for a happy, prosperous New Year!

Customer Service/Sales: Phillis, Bud, Matt L, Matt D and Kathie!

\*Excluded from Price Increase: Ever Green Insulation Kits
