

March 29, 2019

Dear Valued Customer:

Berry Global **will be implementing a 5% price increase on all HVAC tapes and ancillary products, effective May 13, 2019.** While Berry Global works diligently to control costs, we are no longer able to absorb the impact from rising transportation and raw material inflation.

Orders placed for immediate shipment on or before the close of business on May 10th will be billed at current price levels. All orders placed on or after May 13th will receive the 5% price increase.

In order to continue to provide uninterrupted service to all of our customers, orders will be limited to historical demand levels.

On behalf of everyone at Berry Global, we thank you for your continued support. We value your business and look forward to partnering with you.

If you have any questions, please contact your local Polyken/Nashua sales representative or Berry Customer Care representative.

Sincerely,

A handwritten signature in black ink that reads "Robin Thomas".
