

Dyn-O-Wrap

Dyn-O-Wrap is a self-adhesive film which can protect uninstalled duct sections from the intrusion of contaminants. While duct is handled, stored, or transported, its interior is unprotected from water, dust and debris.

[Visit our webpage to learn more about Dyn-O-Wrap!](#)

FEATURES

- Thicker than most other duct wrapping films
- Durable and flexible
- Self-adhesive inner surface
- Excellent adhesion to duct & fittings
- Easily removable without leaving residue in most temperatures

SPECIFICATIONS

- Application: Galvanized Steel, Stainless Steel, Aluminum
- Tensile Strength: Minimum 10 psi
- Elongation: Twice its original length
- UV resistant and waterproof
- **Color: Blue**
- Disposal: Recyclable

Ordering Information:

13380 **DW24-200** Dyn-O-Wrap Roll 24" x 200'
13384 **DW36-200** Dyn-O-Wrap Roll 36" x 200'
13388 **DW48-200** Dyn-O-Wrap Roll 48" x 200'

13382 **PRW24-200** Puncture Resistant Dyn-O-Wrap Roll 24" x 200'
13386 **PRW36-200** Puncture Resistant Dyn-O-Wrap Roll 36" x 200'
13389 **PRW48-200** Puncture Resistant Dyn-O-Wrap Roll 48" x 200'
13344 **PRW24-400** Puncture Resistant Dyn-O-Wrap 24" x 400'
13345 **PRW36-400** Puncture Resistant Dyn-O-Wrap 36" x 400'
13346 **PRW48-400** Puncture Resistant Dyn-O-Wrap 48" x 400'

13392 **RPRW24-200** Reverse Puncture Resistant Dyn-O-Wrap Roll 24" x 200'
13393 **RPRW36-200** Reverse Puncture Resistant Dyn-O-Wrap Roll 36" x 200'

Dyn-O-Wrap

Dyn-O-Wrap is a self-adhesive film which can protect unattached duct sections from penetration of contaminants. When used in horizontal, vertical, or horizontal, its interior is unperforated from water, dust and debris. Dyn-O-Wrap applied over the openings will securely seal the duct and block the passage. With adhesives strong enough to resist separation from the duct during transportation, the film is easily removed when necessary without leaving any residue. Dyn-O-Wrap is thicker than most other wraps on the market and the extra thickness ensures greater durability. Due to the vast array of duct models, Duro Dyne now offers several varieties of Dyn-O-Wrap, including puncture resistant and reverse puncture resistant.

FEATURES

- Thicker than most other duct wrapping films
- Durable and flexible
- Self-adhesive inner surface
- Excellent adhesion to duct & fittings
- Easily removable without leaving residue in most temperatures

SPECIFICATIONS

- Application: Galvanized Steel, Stainless Steel, Aluminum
- Tensile Strength: Minimum 10 psi
- Dimpled: Twice the original length
- UV resistant and waterproof
- Color: Blue
- Recycled: Recyclable

Item #	Code	Description	Thickness (mm)	Weight per Sq. Ft. (kg)	Features

Submission Form Dyn-O-Wrap

DESCRIPTION

A self-adhesive film which can protect unattached duct sections from the intrusion of contaminants. Available in all sizes and cover relations, including Puncture Resistant, Wrap and Reverse Puncture Resistant Wrap.

DYN-O-WRAP

- Excellent adhesion to ductwork, yet easily removable without leaving residue.
- Color: Lightening Blue
- Adhesive Color: Water Clear
- UV resistant
- Temperature range: 60° - 100°
- Humidity range: 50% - 100%
- Longly held, modulus and dead weight stresses can negatively affect the product performance.
- Customer products should be protected from direct UV contact.
- Use in a one-month shelf life, stored in airtight (vacuum) bags, to keep this film strong and
- Packaged in boxes

Item #	Code	Description
13302	DYN12-200	Dyn-O-Wrap 12" x 200'
13304	DYN24-200	Dyn-O-Wrap 24" x 200'
13306	DYN36-200	Dyn-O-Wrap 36" x 200'

PUNCTURE RESISTANT DYN-O-WRAP & REVERSE PUNCTURE RESISTANT DYN-O-WRAP

- Excellent adhesion to ductwork, yet easily removable without leaving residue.
- Water based and environmentally friendly.
- Color: Blue
- Adhesive Color: Water Clear
- UV resistant
- Temperature range: 60° - 100°. For low modulus, keep within 60° - 80° range. Higher modulus film (DYN) will lower the upper limit to the customer.
- Humidity range: 40% - 80%
- Keep away from exposure to temperature extremes, direct sunlight, water, solvent and other contaminants.
- For use where adhesion for longer than 6 months with pressure washing film applied.
- Use in a one-month shelf life, stored in airtight (vacuum) bags, to keep this film strong and

Item #	Code	Description
