2025 FIBERGLASS PRICE INCREASE ANNOUNCEMENT

Effective February 3, 2025

Dear Valued Customer,

We hope this message finds you well. At General Insulation Company, we appreciate your continued partnership and trust in our products and services. As part of our commitment to transparency and providing you with ample time for planning, we wish to inform you of an upcoming price adjustment.

Fiberglass manufacturers have recently announced an 8% increase in their pricing, which will come into effect in January 2025. Consequently, General Insulation Company (GIC) will be implementing an 8% price increase on all fiberglass products, starting on February 3, 2025.

We understand the importance of giving you sufficient time to plan your budgeting and quoting for the upcoming year, and we are committed to assisting you in this process. We encourage you to reach out to your local General Manager and/or Sales Representative to discuss the various product lines and the associated price increases in detail. They will be more than happy to address any questions you may have and work with you to ensure a smooth transition.

Once again, we would like to express our sincere gratitude for your business and continued partnership with General Insulation Company. Your trust in our products and services has been the cornerstone of our success, and we look forward to continuing to serve your needs in the future. Should you have any questions or require further information, please do not hesitate to contact us.

Thank you for your understanding, and we appreciate your ongoing support.

Sincerely,

Allen M. Zaepfel
Chief Operating Officer
General Insulation Company
