**Subject: Notification of Upcoming Price Increase – Effective May 1, 2025**

Dear Valued Midwest Fasteners Customer,

We appreciate your business and the trust you place in Midwest Fasteners. We remain committed to controlling our costs while consistently delivering high-quality products to meet your needs.

As you may know, our last price increase occurred in May 2022. Although we have made every effort to manage operational costs, factors such as rising labor and benefit costs, increased cost of energy, and the cost of materials and supplies have led to higher overall operational costs.

As a result, we will be implementing a 4% price increase, effective May 1, 2025.

Our Midwest Fasteners sales representatives will reach out to you prior to the effective date of this increase to answer any questions you may have and provide further assistance as needed.

Thank you again for your trust and continued partnership. We truly value your business and look forward to continuing our mutually beneficial business relationship.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nate Conley", is positioned above the printed name.
