Subject: Price Adjustments Effective April 1, 2026

Dear Valued Customers and Partners,

Due to continued volatility in global metals markets and rising cost of raw materials, RPR Products Inc. is forced to implement the following adjustments effective April 1, 2026.

- **Aluminum Products** (including roll goods, sheet goods, fabricated items, and accessories): **8%–12% increase**
(Corresponding discount percentages from published list pricing on fittings will be updated accordingly.)
- **Stainless Steel T304 and T316: No change at this time**

RPR Products reserves the right to monitor all orders placed through March 31st, 2026, as we may limit quantities based on metal availability.

We remain committed to delivering the quality and service you expect, and we sincerely appreciate your continued partnership. For any questions, please contact me – along with Craig Shirley, Jeff Velasco, Joey McCauley or any of our customer service Team.

Sincerely,

A handwritten signature in blue ink that reads 'Dale N. Kendrick'.

Dale Kendrick
Sales Manager
RPR Products, Inc.
