

International Fireproof Technology, Inc.

17528 Von Karman Ave. Irvine, CA 92614

April 14, 2026

Dear Valued Customer,

I'm reaching out to inform you of an upcoming price adjustment that will take effect on May 1, 2026.

Due to the ongoing international situation including the recent war, continued global inflation, and the resulting strain on the global supply chain the cost of energy, transportation, and raw materials has become increasingly unpredictable. These external pressures have significantly increased our overall operating costs, from production through logistics.

These increases reflect the extreme volatility product suppliers are currently facing due to fuel surcharges, raw material and supply shortages, rising costs, and other industry-wide challenges. As a result, it has become necessary for us to implement a price adjustment to ensure we can continue delivering the level of quality, reliability, and service you expect from us.

Our commitment remains to provide high-quality products and maintain the high standards and service you have come to expect from us.

We greatly appreciate your continued support and understanding.

Sincerely,

Nicholas McCartney
