

20 May, 2026

To Our Valued Customers:

In recent months, Victory Bear Products has experienced several increases in raw material prices. We at Victory Bear realize that price increases present challenges to our customers, and we make every attempt to minimize their impact.

Unfortunately, we must announce a 4% price increase for the Victory Bear insulation products (Flex-Tite Clips, J-Channel, and Quick Clip). This will be the first increase in price for these products since May of 2022.

- Orders placed after May 31, 2025 will be subject to the price increase.
- Orders placed on or before May 31, 2025 must ship before August 31, 2025 to receive current pricing as of 5/20/26.

We continue to monitor raw material prices in this volatile environment, and we will continue to do all in our power to minimize the impact that increases have on our customers. If you have any questions, please do not hesitate to contact me.

Sincerely,
