To Our Valued Customers:

Thank you for your continued partnership with AGM Industries.

Over the past year costs for raw materials, packaging, transportation & energy have continued to increase. We will be implementing a **7.5%** increase for all products & welding equipment and a **10%** increase for GPA-72 and HA-19 Adhesive. This will be effective for new orders shipping on or after December 1, 2026.

We will continue to make every effort to control costs as much as possible, while manufacturing quality products.

We thank you for your understanding and support and look forward to being of continued service to you.

Sincerely,

Paula Audette
President
